

MCSA: Windows Server 2012

The Qualification:

The Microsoft Certified Solutions Associate (MCSA): Windows Server 2012 certification shows that you have the primary set of Windows Server 2012 skills, relevant across multiple solution areas in a business environment, to reduce IT costs and deliver more business value..

Earning an MCSA: Windows Server 2012 certification will qualify you for a position as a network or computer systems administrator or a computer support specialist.

To be awarded the MCSA: Windows Server 2012 designation, students must pass a total of 3 individual Microsoft examinations.

Course Content:

- **Installing and Configuring Windows Server 2012 – (Test 70-410)**
Install and configure servers; Configure server roles and features; Configure Hyper-V; Deploy and configure core network services; Install and configure Active Directory; Create and manage Group Policy.
- **Administering Windows Server 2012 – (Test 70-411)**
Deploy, manage and maintain servers; Configure file and print services; Configure network services and access; Configure a Network Policy Server infrastructure; Configure and manage Active Directory; Configure and manage Group Policy.
- **Configuring Advanced Windows Server 2012 Services – (Test 70-412)**
Configure and manage high availability; Configure file and storage solutions; Implement business continuity and disaster recovery; Configure network services; Configure the Active Directory infrastructure; Configure identity and access solutions.

Study Options:

1. **Basic:** We supply high quality course manuals. Then you study independently.
2. **Popular:** We supply high quality course materials, consisting of manuals, CDs and progress testing. We then provide additional support. We provide the student with the necessary hardware and software to carry out the exercises built into the course materials. This is done through a series of supervised lab sessions at our centre, which can be arranged at times to suit the student.

Taking the Examinations:

The Exams for the MCSA programme can be taken at any Prometric Testing Centre. The cost of sitting these examinations is not included in any fees quoted.
